Azure Virtual Desktop
Quick start Guide

Manage Settings
- Send usage data to Microsoft
- App Mode (Dark / Light)

Access the Feedback Hub

More options
- **Subscribe**
- **Subscribe with URL**: You can access different Workspaces and with different user accounts.
  Add your Email or Workspace URL here (provided by your IT Team)
- **About**: Display the Microsoft Remote Desktop Client version.

  Reset user data and restore default settings.

- **Help**: Access the Microsoft documentation
- **What's new**: Access the Microsoft Change log.

Access your Remote Apps and Desktops

Get the list of managed resources you can access, such as apps and desktops. If an application or desktop is missing please contact the IT Helpdesk.

"Right-click" a Desktop to access the Settings.

The client will use the settings configured by your admin unless you turn off the Use default settings option. Doing so allows you to configure the following options:

Display configuration: All displays, Single display, Select display
Mode: windowed mode, full-screen mode and resolution size.

Expand and minimize Workspaces

More options (Workspace)
- **Details**: List Workspace details
- **Refresh**: Refresh the Workspace to e.g. see new assigned Apps and Desktops.
- **Unsubscribe**: Unsubscribe from Workspaces and disconnect from all Apps and Desktops immediately
